Chairs

Your outdated, conventional bed frames can be replaced with a stunning, luxurious, leather-upholstered bed in a contemporary design. Sturdy gold-plated metal legs have a larger weight capacity, allowing them to support heavier loads. This upholstered bed is easy to match with any interior design theme due to its conventional shape and chic appearance. This item is stable and durable because of its premium leather, strong metal legs, and premium wood frame. All our beds customizable to deferent sizes and material combinations.

BED & Head boards...

Our Solid Wood bed made out of genuine & seasoned woods like Teak, Rose, Akashia , Seashom, imported Pine & Mango. Our wooden beds are design to the perfection and are hand crafted to last long.

This can be customized to any size and color.

We also do mass production of economical designs...
